The purpose of such deferral being to immediately allow creation of meetings and forums to try to resolve open financial issues and address other unanswered questions or open issues toward providing transparency in the decision making process and fully informing the voters in a timely manner ahead of any voting on the matters. Or to take any other action related thereto. Creation of a Madaket / Warren's Landing sewerage work group is encouraged, consisting of one representative of the Madaket Conservation Association, one from Madaket Residents Association, one from Warrens Landing Association, Town Manager's designated staff member, a representative of the Board of Selectmen, a representative from Finance Committee, a representative from SHAB. The Board of Selectmen, upon advice and consent of the workgroup, may make constructive changes to the language of the mission of the workgroup as may be necessary or advisable toward perfecting the role of the workgroup in order to achieve the intent of this article, which is to resolve open issues and attempt to generate broad consensus for the potential expansion of the sewer district and appropriation of funds for including individual lots into the sewer district that are within the Madaket Harbor and Long Pond watershed area.
