Re: Public Records Request

Dear Ms. Goldberg:

In response to your December 5, 2013 response to the public records request that James D. Masterman sent to the Board of Selectman and Conservation Commission of the Town of Nantucket on November 25, 2013 ("Request"), enclosed please find a check in the amount of \$8,873.72. With these funds, we expect that the Town will be able to start the process of collecting and producing documents responsive to the Request.

We understand that full compliance with the Request will require some time. We are open to discussing an appropriate schedule and prioritization of areas. Also, please note that we reserve all rights related to the Town's response, including the right to challenge any assertion of privilege by the Town, and our sending the enclosed funds is not a waiver of any such rights.

We have not yet received the Town's estimate for the production of responsive e-mails held by other members of the Board of Selectman and all members of the Conservation Commission, which we understand was being compiled separately. We therefore have not included funds for the collection and production of those records. Please forward that estimate to us as soon as possible, so that we may evaluate whether those records should be collected.

Please feel free to call or e-mail me or Jim Masterman should you have any questions or if the Town is open to discussing the timing and prioritization of its collection and production efforts.

Sincerely,

A handwritten signature in cursive script that reads "Russell Plato".
