** MEAN (average) response score on a scale of 0 - 3, where; 0="Not Serious," 1="Moderately Serious,"
2="Very Serious," and 3="So Serious Did NOT Get Help."

2. Definitions of Problem Categories Shown in Tables 5.9.3 and 5.9.6, and Appendix 2.A

(Shown as “Major” in Tables 5.9.3 and 5.9.6 and Appendix 2.A if one or more of a problem set is reported to be a “**Major Problem**” in the respondent’s household)

Money-Related Problems:

- “Not always having enough money for food”
- “Not being able to afford legal help”
- “Not being able to afford recreational activities”
- “Not being able to find or afford after-school child care”
- “Not being able to find or afford child care”
- “Not enough money to pay for housing”
- “Not having enough money to pay the doctor, the dentist, or to buy prescription medications”
- “Paying for a mental health counselor”
- “Paying for or getting dental insurance”

Mental Health-Related Problems:

- “A lot of depression in the household”
- “Children or teenagers experiencing behavioral or emotional problems”
- “Discrimination toward mentally ill persons(s)”
- “Having a lot of anxiety or stress in the household”
- “Paying for a mental health counselor”

Housing-Related Problems:

- “Not able to find appropriate senior (65+) housing”
- “Not enough money to pay for housing”
- “Not enough room in your house for all of the people who live there”

Substance Abuse-Related Problems:

- “Adult substance abuse (alcohol, drugs, etc.)”
- “Experiencing an alcohol and/or drug problem”
- “Underage drinking”
- “Underage smoking or other tobacco use”

Transportation-Related Problems:

- “Don’t have a working car/truck when needed”

Food/Nutrition-Related Problems:

- “Not able to afford nutritious food”
- “Not always having enough money for food”

Children/Youth-Related Problems:

- “Children or teenagers experiencing behavioral or emotional problems”
- “Not being able to find or afford after-school child care”
- “Not being able to find or afford child care”
- “Underage drinking”
- “Underage smoking or other tobacco use”

Violence/Behavior-Related Problems:

- “Children or teenagers experiencing behavioral or emotional problems”
- “Experiencing physical conflict in the household”

Discrimination-Related Problems:

- “Discrimination (due to HIV, AIDS, TB, etc.)”
- “Discrimination (due to race, age, language, sexual identity/orientation, etc.)”
- “Discrimination toward mentally ill persons(s)”

Appendix 2.B

1. Details of Four Household Issue Groups – Based upon Nantucket Community Survey – 2006 sample Households Grouped By Type and Severity of Household Issues Reported

Table 2.B.1 provides summary descriptions of the four Household Issue Groups (#1, #2, #3, #4).

Table 2.B.2 provides a detailed socio-demographic profile of the four Household Issue Groups.

Table 2.B.3 provides a socio-demographic profile of our most needy households (Household Issue Groups #1 and #2 combined).

Table 2.B.1 Descriptions of Household Issue Groups

Summary Description of Household Issue Group #1

Representing: [estimated]	12% of all Nantucket households 17% of the total Nantucket population [permanent, year-round residents only] <ul style="list-style-type: none">• 22% of Nantucket young people [age 17 or younger]• 16% of Nantucket adults [age 18 or older]
Statistics: [estimated]	485 Nantucket households @ 3.59 persons per household = 1,735 persons @ 0.94 child per household = 455 young people [age 17 or younger] @ 2.65 adults per household = 1,280 adults [age 18 or older]

Group #1 households are considerably **more** likely to:

- Reside in Census Tracts 9502 or 9504
- Be a single parent family
- Be “large” (more than 4 persons)
- Have a child ages 0-17 years old
- Include adults ages 18-54 years old
- Include adults ages 45-54 years old
- Be a minority household (cultural or ethnic or linguistic or racial)
- Have all adults employed
- Have at least one adult working full-time, year-round
- Have no retired adults
- Have an income BELOW the County median
- Have an income under \$50,000
- Be living under 200% of poverty level
- Be “working poor”
- Live in rented housing
- Be “homeless” or living in a group setting
- Be Receiving Medicaid (MassHealth)
- Have adult(s) without health insurance coverage
- Have child(ren) without health insurance coverage

Group #1 households are considerably **less** likely to:

- Reside in Census Tract 9505
- Be an adult living alone
- Be a two adult household
- Be childless
- Include adults ages 55-64 years old
- Have all adults ages 55-64 years old
- Include adults age 65 or older
- Have all adults age 65 or older
- Include adults age 75 or older
- Have all adults retired
- Have an income ABOVE the County median
- Have an income over \$50,000
- Live in a home owned by household member(s)
- Be receiving Medicare

Household Issue Group #1 (continued)

Group #1 Household Issues:

Top Ten Household Issues: [average (mean) response score on a scale of 0 – 2]*

- “Paying for or getting dental insurance” [mean=1.38]*
- “Not having enough money to pay the doctor, the dentist, or to buy prescription medications” [1.19]*
- “Not having enough money to pay for housing” [.93]*
- “Having a lot of anxiety or stress” [.91]*
- “Not being able to afford recreational activities” [.89]*
- “A lot of depression in the household” [.84]*
- “Not enough room in the house for all of your people who live there” [.77]*
- “Not being able to afford legal help” [.71]*
- “Inadequate opportunities to learn new skills or for advancement at work” [.66]*
- “Don’t have a working car/truck when needed” [.66]*
- “Not always having money for food” [.60]*

* Where: 0 = Not a Problem, 1 = Minor Problem, and 2 = Major Problem

Group #1 Service Barriers:

Top Ten Service Barriers: [average (mean) response score on a scale of 0 – 3**]

- “Could not afford fees/costs for services” [mean=. 1.11]*
- “Cost of time away from work” [.91]*
- “Unable to take time away from work to go to services” [.83]*
- “Paying insurance deductible/co-payment” [.75]*
- “Insurance not accepted for services” [.64]*
- “Services not accepting new patients/clients” [.58]*
- “Hours of service were not convenient” [.52]*
- “Lack of information on where to go for services” [.52]*
- “Services located too far away” [.51]*
- “Feelings of discrimination” [.50]*

** Where: 0 = Not Serious, 1 = Moderately Serious, 2 = Very Serious, and 3 = So Serious Did NOT Get Help

Summary Description of Household Issue Group #2

Representing: [estimated]	4% of all Nantucket households 6% of the total Nantucket population [permanent, year-round residents only] <ul style="list-style-type: none">• 16% of Nantucket young people [age 17 or younger]• 4% of Nantucket adults [age 18 or older]
Statistics: [estimated]	175 Nantucket households @ 3.81 persons per household = 675 persons @ 1.81 child per household = 320 young people [age 17 or younger] @ 2.0 adults per household = 355 adults [age 18 or older]

Group #2 households are considerably **more** likely to:

- Reside in Census Tract 9504
- Be a single parent family
- Be “large” (more than 4 persons)
- Have a child ages 0-17 years old
- Include adults ages 18-44 years old
- Be a minority household (cultural or ethnic or linguistic or racial)
- Have all adults employed
- Have at least one adult working full-time, year-round
- Have no retired adults
- Have an income BELOW the County median
- Have an income under \$50,000
- Be living under 200% of poverty level
- Receive public financial assistance
- Be “working poor”
- Live in rented housing
- Be “homeless”
- Have adult(s) in only fair-to-poor health
- Be receiving Medicaid (MassHealth)
- Have adult(s) without health insurance coverage
- Have some dental care coverage

Group #2 households are considerably **less** likely to:

- Reside in Census Tracts 9502 and 9505
- Be an adult living alone
- Be a two adult household
- Be living in a group setting
- Be childless
- Include adults age 45 or older
- Have all adults age 55 or older
- Have all adults retired
- Have an income ABOVE the County median
- Have an income over \$50,000
- Live in a home owned by household member(s)
- Be receiving Medicare

Household Issue Group #2 (continued)

Group #2 Household Issues:

Top Ten Household Issues: [average (mean) response score on a scale of 0 – 2*]

“Not being able to find or afford child day care” [mean=1.61]

“Not having enough money to pay for housing” [1.46]

“Not having enough money to pay the doctor, the dentist, or to buy prescription medications” [1.27]

“Paying for or getting dental insurance” [1.26]

“Not being able to afford recreational activities” [1.13]

“A lot of depression in the household” [1.05]

“Not being able to find or afford after-school child care” [1.06]

“Not enough room in the house for all of your people who live there” [.94]

“Having a lot of anxiety or stress in the household” [.93]

“Inadequate opportunities to learn new skills or for advancement at work” [.89]

* Where: 0 = Not a Problem, 1 = Minor Problem, and 2 = Major Problem

Group #2 Service Barriers:

Top Ten Service Barriers: [average (mean) response score on a scale of 0 – 3**]

“Could not afford fees/costs for services” [mean=1.25]

“Cost of time away from work” [1.19]

“Services not accepting new patients/clients” [1.06]

“Unable to take time away from work to go to services” [.84]

“Lacked information on where to go for services” [.74]

“Feelings of discrimination” [.68]

“Services located too far away” [.63]

“Paying insurance deductible/co-payment” [.60]

“Insurance not accepted for services” [.55]

“Hours of service were not convenient” [.50]

** Where: 0 = Not Serious, 1 = Moderately Serious, 2 = Very Serious, and 3 = So Serious Did NOT Get Help

Summary Description of Household Issue Group #3

Households In Which Not All Adults Are “Retired” (by definition)

Representing: [estimated]	65% of all Nantucket households 65% of the total Nantucket population [permanent, year-round residents only] <ul style="list-style-type: none">• 64% of Nantucket young people [age 17 or younger]• 66% of Nantucket adults [age 18 or older]
Statistics: [estimated]	2,615 Nantucket households @ 2.57 persons per household = 6,725 persons @ 0.5 child per household = 1,310 young people [age 17 or younger] @ 2.07 adults per household = 5,415 adults [age 18 or older]

Group #3 households are considerably **more** likely to:

- Reside in Census Tracts 9502 or 9505
- Be a two adult household
- Include adults ages 45-64 years old
- Have all adults ages 45-64 years old
- Be primarily White
- Have at least one adult working full-time, year-round
- Have no retired adults
- Have an income ABOVE the County median
- Have an income over \$50,000
- Live in a home owned by household member(s)

Group #3 households are considerably **less** likely to:

- Reside in Census Tracts 9501, 9503, or 9504
- Be an adult living alone
- Be a single parent family
- Be a minority household (cultural or ethnic or racial)
- Include adults age 65 or older
- Have all adults age 65 or older
- Include adults age 75 or older
- Have all adults retired (by definition)
- Have an income BELOW the County median
- Be living under 200% of poverty level
- Have an income under \$50,000
- Be “working poor”
- Live in rented housing
- Be “homeless”
- Include a disabled or chronically-ill person
- Be receiving Medicaid (MassHealth)
- Be receiving Medicare

Household Issue Group #3 (continued)

Group #3 Household Issues: [average (mean) factor score]

Top Ten Households Issues: [average (mean) response score on a scale of 0 – 2*]

- “Paying for or getting dental insurance” [mean=.28]*
- “Having a lot of anxiety or stress in household” [.24]*
- “A lot of depression in the household” [.19]*
- “Not having enough money to pay the doctor, the dentist, or to buy prescription medications” [.17]*
- “Not being able to afford recreational activities” [.16]*
- “Adult substance abuse (alcohol, drugs, etc.)” [.10]*
- “Not being able to afford legal help” [.10]*
- “Seriously overweight person(s) in household” [.09]*
- “Experiencing an alcohol and/or drug problem” [.08]*
- “Not having enough money to pay for housing” [.07]*

* Where: 0 = Not a Problem, 1 = Minor Problem, and 2 = Major Problem

Group #3 Service Barriers: [average (mean) factor score]

Top Ten Service Barriers: [average (mean) response score on a scale of 0 - 3**]

- “Cost of time away from work” [mean =.62]*
- “Services not accepting new patients/clients” [.50]*
- “Could not afford fees/costs for services” [.40]*
- “Paying insurance deductible/co-payment” [.38]*
- “Unable to take time away from work to go to services” [.36]*
- “Insurance not accepted for services” [.36]*
- “Hours of services were not convenient” [.32]*
- “Services located too far away” [.29]*
- “Lack of information on where to go for services” [.18]*

- “Lacked information on available services” [.16]*

** Where: 0 = Not Serious, 1 = Moderately Serious, 2 = Very Serious, and 3 = So Serious Did NOT Get Help

Summary Description of Household Issue Group #4

Households In Which All Adults Are “Retired” (by definition)

Representing: [estimated]	18% of all Nantucket households 12% of the total Nantucket population [permanent, year-round residents only] <ul style="list-style-type: none">• 1.2% of Nantucket young people [age 17 or younger]• 14% of Nantucket adults [age 18 or older]
Statistics: [estimated]	725 Nantucket households @ 1.65 persons per household = 1,195 persons @ 0.03 child per household = 20 young people [age 17 or younger] @ 1.62 adults per household = 1,175 adults [age 18 or older]

Group #4 households are considerably more likely to:

- Reside in Census Tracts 9501 or 9503
- Be an adult living alone
- Be childless
- Be primarily White
- Include adults age 65 or older
- Have all adults age 65 or older
- Include adults age 75 or older
- Have all adults retired [100%, by definition]
- Have an income BELOW the County median
- Have an income under \$50,000
- Be living under 200% of poverty
- Live in a home owned by household member(s)
- Be receiving Medicare

Group #4 households are considerably less likely to:

- Reside in Census Tracts 9502 or 9504
- Be a single parent family
- Be living in a group setting
- Have children ages 0-17 years old
- Be a cultural or ethnic minority household
- Include adults ages 18-64 years old
- Have all adults ages 18-64 years old
- Have at least one adult working full-time, year-round
- Live in rented housing
- Have an income ABOVE the County median
- Have an income over \$50,000
- Be “working poor”
- Be homeless or living in a group setting
- Be receiving Medicaid (MassHealth)

Household Issue Group #4 (continued)

Group #4 Household Issues:

Top Ten Household Issues: [average (mean) response score on a scale of 0 – 2*]

- “A lot of depression in the household” [mean=.17]*
- “Seriously overweight person(s) in household” [.11]*

Summary Description of Our Most Needy Households

Households Issue Groups #1 and #2 Combined

Representing: [estimated]	16% of all Nantucket households 23% of the total Nantucket population [permanent, year-round residents only] <ul style="list-style-type: none">• 37% of Nantucket young people [age 17 or younger]• 20% of Nantucket adults [age 18 or older]
Statistics: [estimated]	645 Nantucket households @ 3.68 persons per household = 2,370 persons @ 1.17 child per household = 755 young people [age 17 or younger] @ 2.51 adults per household = 1,615 adults [age 18 or older]

Most Needy Households are considerably **more** likely to:

- Reside in Census Tracts 9502 or 9504
- Be a single parent family
- Have a child ages 0-17 years old
- Be “large” (more than 4 persons)
- Be living in a group setting
- Be a minority household (cultural or ethnic or linguistic or racial)
- Include adults ages 18-54 years old
- Include adults ages 45-54 years old
- Have all adults employed
- Have at least one adult working full-time, year-round
- Have no retired adults
- Have an income BELOW the County median
- Have an income under \$50,000
- Be living under 200% of poverty level
- Be “Working Poor”
- Receive public financial assistance
- Live in rented housing
- Be “homeless”
- Have adult(s) in only fair-to-poor health
- Have adult(s) without health insurance coverage
- Have child(ren) without health insurance coverage
- Be Receiving Medicaid (MassHealth)

Most Needy Households are considerably **less** likely to:

- Reside in Census Tract 9505
- Be an adult living alone
- Be a two adult household
- Be childless
- Include adults ages 55-64 years old
- Have all adults ages 45-64 years old
- Include adults age 65 or older
- Have all adults age 65 or older
- Include adults age 75 or older
- Have all adults retired
- Have an income ABOVE the County median
- Have an income of over \$50,000
- Live in a home owned by household member(s)
- Be Receiving Medicare

Most Needy Households (continued)

Most Needy Household Issues:

Top Ten Household Issues: [average (mean) response score on a scale of 0 – 2*]

- “Paying for or getting dental insurance” [mean=1.35]*

* Except for responses relating to the average and total numbers of ADULTS, CHILDREN, and PERSONS living in the household.

Note: Question response rates vary. "Valid %" is percentage of respondents actually answering that particular question.

Appendix 2.C

Nantucket Community Survey - 2006

Details of Basic Needs Question Responses

"Basic Needs" topics include: Employment, Health & Healthcare, Housing, Income Security, Public Safety, and Transportation. Tables 2.C.1 - 2.C.6 provide detail of survey responses regarding Basic Needs topics from the Nantucket Community Survey - 2006. Responses are shown for all respondent households combined and separately for our most needy households. Data are from responses to the Demographic and Basic Needs questions.

Table 2.C.1a Employment-Related Responses

Survey Question	Employment Questions	Households Answering "YES" To The Question*		
		Overall Sample Valid %	Only Nantucket's Most Needy Households Count	Only Nantucket's Most Needy Households Valid %
4	<i>Including yourself</i> , how many adults (age 18+) in your household are retired?

	('Sometimes' or 'Often') Attends an unsafe school	4%	3	8%
	('Sometimes' or 'Often') Feels a lack of community support for him/herself or friends	14%	11	26%
	('Sometimes' or 'Often') Fights with or hurts sibling or adult household member	16%	9	21%
	('Sometimes' or 'Often') Hangs with kids known to use drugs/drink alcohol	9%	1	2%
	('Sometimes' or 'Often') Has experienced teen dating violence (date rape, etc.)	0%	0	0%
	('Sometimes' or 'Often') In anger, hits/hurts a boyfriend/girlfriend or another kid	3%	2	5%
	('Sometimes' or 'Often') Is disobedient or defies adults	25%	15	36%
	('Sometimes' or 'Often') Is involved in physical fights at school or in neighborhood	3%	4	10%
	('Sometimes' or 'Often') Seems stressed out, nervous, or worried	23%	12	29%
	('Sometimes' or 'Often') Verbally abuses members of his/her household	19%	9	22%

* Except for questions about number of children, ages of children in the household, Household Issues (page 4), and Page 7 PROTECTIVE and RISK Factors ("Tough") questions. See Notes.

** ONLY responses from households with children that answered ANY of the children/family questions.

Notes: Childrens average (mean) ages are shown in years and months.

Only "Sometimes" or "Often" responses to RISK Factor ("Tough") questions are shown.

Question response rates vary. "Valid %" is percentage of respondents actually answering that particular question.

Appendix 2.E

Nantucket Community Survey - 2005

Details of Quality of Life Question Responses

Table 2.E.1 provides details of responses to the Quality of Life questions of the Nantucket Community Survey - 2006. Survey topics include health status, caregiving and home health aide utilization, homelessness, discrimination, and disability and chronic illness. Responses are shown for all respondent households combined and separately for our most needy households.

Table 2.E.1 Quality of Life-Related Responses

Survey Question	Quality of Life Questions	Households Answering "YES" To The Question*	
		Overall Sample Valid % (N=704)	Only Nantucket's Most Needy Households Count Valid % (N=112)
HEALTH STATUS:			
10	Is ANYONE in your household in Fair-to-Poor health? (YES)	10%	14 13%
	At least one <i>adult</i> (age 18+) is in Fair-to-Poor health?	10%	14 13%
	At least one <i>child</i> (age 17 or younger) is in Fair-to-Poor health?	0.3%	0 0%
CAREGIVING:			
12	Are you or is any household member the <u>PRIMARY</u> caregiver for an aged, disabled, or chronically ill person? (including a parent, spouse, other relative, or friend/neighbor)	6%	8 7%
13	Do you or any household member receive healthcare or other home aide services in your home	4%	3 3%
HOMELESSNESS:			
15	Household is defined as "homeless."	2%	10 9%
17	Have you or any member of your household been homeless for more than a day or two in the past 24 months?	5%	28 26%
DISCRIMINATION:			
Page 4	Issue: Discrimination (due to HIV, AIDS, TB, etc.)	0.7%	3 3%
	Issue: Discrimination (due to race, age, language, sexual identity/orientation, etc.)	7%	30 27%
	Issue: Discrimination toward mentally ill person(s)	3%	10 10%
DISABILITY AND CHRONIC ILLNESS:			
9	Including yourself, is any member of your household disabled or chronically ill?	12%	11 10%
<u>BELOW: Responses From ONLY Households With Children AND That Answered Any of the Children/Family Questions:</u>			
(Children/Family Sub-Set of Overall Survey Sample)		(N=152)	(N=42)
CHILD DISABILITY & CHRONIC ILLNESS:		(Children: Youngest-Oldest)	(Children: Youngest-Oldest)
Page 7**	[Child] has a disability (vision, hearing, physical, mental/emotional, etc.)	7%-4%	3-1 10%-6%
	[Child] has a chronic illness (asthma, diabetes, ADHD, depression, etc.)	9%-19%	5-5 18%-31%

Note: Question response rates vary. "Valid %" is percentage of respondents actually answering that particular question.

* Except for Child/Family Issues (Page 7) questions.

** ONLY responses from households with children that answered ANY of the children/family questions.

Appendix 2.F

Nantucket Community Survey - 2005

Details of Life Skills/Life-Long Learning Question Responses

Table 2.F.1 provides detail of survey responses to the Life-Long Learning/Life Skills questions of Nantucket Community Survey - 2006. Responses are shown for all respondent households combined and separately for our most needy households.

Table 2.F.1 Life Skills/Life-Long Learning/Related Responses

Survey Question	Life Skills/Life-Long Learning Questions	Households Answering "YES" To The Question*	
		Overall Sample Valid %	Only Nantucket's Most Needy Households
		(N=704)	(N=112)
20	Including yourself, how many adults (age 18+) in your household have reached the following educational levels?		
	Still attending high school	4%	7%
	Left high school without a diploma	4%	10%
	High school diploma (adj.*)	84%	73%
	GED	4%	12%
	Some college (adj.**)	80%	67%
	2-year college degree	13%	19%
	4-year college degree	61%	39%
	Graduate-level degree	30%	24%
21	If adult(s) living in your household are <u>NOT</u> working, are they;		
	In job training	0.3%	2%
	In school or college	4%	4%
Changing Careers:			
	Is any adult in household considering <u>UPGRADING</u> their job skills or <u>CHANGING THEIR CAREER</u> ?		
	(Yes)	21%	51%
	Yes, to Healthcare	4%	12%
	Yes, to Electrician	2%	5%
	Yes, to Landscaping	1%	6%
	Yes, to Plumbing/Heating	1%	2%
	Yes, to Carpentry	1%	5%
	Yes, to Other	12%	20%
	What additional <u>EDUCATION</u> or <u>TRAINING</u> Would be needed?		
	English Language	5%	19%
	Trade License (plumber/electrician, etc.)	4%	9%
	GED	1%	6%
	Supervisor	0.6%	2%
	Other	11%	18%

Table 2.F.1 Life Skills/Life-Long Learning/Related Responses

Survey Question	Life Skills/Life-Long Learning Questions	Households Answering "YES" To The Question*	
		Overall Sample Valid %	Only Nantucket's Most Needy Households
		(N=704)	(N=112)
	What might <u>PREVENT</u> upgrading skills or making a change?		
	Off-Island Travel	11%	28 25%
	Training costs	7%	18 16%
	Lack of opportunity	5%	25 23%
	Childcare issues	3%	14 13%
	Lack of education	2%	10 9%
	Other	4%	5 5%
		(Minor-Major Prob.)	(Minor-Major Prob.)
Page 4	Issue: Inadequate opportunities to learn new skills or for advancement at work	11%	57 52%
	Issue: Don't have a working car/truck when needed	10%	41 37%
31	If the primary language spoken in your household is <u>not</u> English, does <i>any adult</i> (age 18+) there read, understand, and speak English? (see Notes)	(Prim. Lang. <u>Not</u> English)	(Prim. Lang. <u>Not</u> English)
	(YES)	56%	14 50%
	(NO)	44%	14 50%

Note: Answers to Question 31 are the percentage of those households where the primary language spoken is not English. Regarding representativeness of these linguistic minority responses, see Limitations of These Data in Appendix 1.C. Question response rates vary. "Valid %" is percentage of respondents actually answering that particular question.

* "High School Diploma" data adjusted based upon college level education responses.

** "Some College" data adjusted based upon college level education responses.

Appendix 2.G

Nantucket Community Survey- 2005

Responses From Special Focus on Rental Housing

Table 2.G.1 provides detail of survey responses to the Special Focus on Rental Housing questions of the Nantucket Community Survey - 2006. Responses are shown for only renter households that answered any of the rental housing questions on page 6 of the survey questionnaire.

Table 2.G.1 Rental Housing Responses

Survey Question	Rental Housing Questions	Households Answering "YES" To The Question Only Nantucket's Renter Households*	
		Count	Valid %
Overall Survey Sample: ALL Surveyed Households			(N=187)
22	How many bedroom are in your current <u>rental</u> unit?		
	0 (Studio/Efficiency)	8	4%
	1	56	30%
	2	61	33%
	3	42	23%
	4+	18	10%
23	Is your current <u>rental</u> HOUSING a . . . ?		
	Detached, single family house	111	61%
	Multi-family dwelling (duplex, apartment, condo, etc.)	61	33%
	Mobile home (permanent trailer)	5	3%
	Room (in hotel/motel/inn or private home)	6	3%
24	Is your household living in any sort of SUBSIDIZED <u>rental</u> unit? (Yes)	16	9%
24.a	<u>If YES</u> , what TYPE of <u>RENT</u> SUBSIDY?		
	Living in a Town Housing Authority or Senior Housing Unit	6	3%
	MUST provide household income info in order to renew the lease	9	5%
	Part of rent is paid by a government agency	2	1%
	Part of rent is paid by a NON-government source (charity/church, a non-profit organization, etc.)	3	1%
	Section 8 Voucher	0	0%
	Other	4	2%
26	How does your household NOW cope with <u>RENTAL</u> HOUSING COSTS --CURRENT situation		
	<u>If NO</u> Financial Assistance:		
	Currently <u>NOT</u> meeting our rental housing costs (rent, utility bills, etc. are <u>overdue</u>)	11	8%
	Paying housing costs from employment income(s) or other resources (Social security, etc.)	95	70%
	Paying housing costs with borrowed money (from credit cards/loans, friends, relatives, etc.)	20	15%
	Other	10	7%
	<u>If Receiving</u> Any EMPLOYMENT-RELATED HOUSING Assistance:		
	Employer pays <u>SOME</u> of our housing costs	10	92%
	Employer provided our housing FREE	1	9%

Table 2.G.1 Rental Housing Responses

Survey Question	Rental Housing Questions	Households Answering "YES" To The Question Only Nantucket's Renter Households*	
		Count	Valid %
Overall Survey Sample: ALL Surveyed Households			(N=187)
25	Do you consider your household NOW to be FINANCIALLY <u>AT RISK</u> ? (Yes)	64	35%
BELOW: Responses From <u>ONLY</u> Households Reporting Being Financially AT RISK:		(A Subset of Renters, N=64)**	
25.a	If YES, which of these is TRUE for your household?		
	Forced to move in past 12-months due to <u>rent</u> increase	14	22%
	Forced to move 1 time	9	14%
	Forced to move 2 or more times	9	14%
	Household does not have a usable car/truck for local trips (to work, shopping, doctors, etc.)	5	8%
	Household member(s) have low/poor credit rating(s)	29	45%
	Household member(s) sometimes go without adequate food	12	19%
	Household member(s) sometimes go without appropriate clothing	2	3%
	Household member(s) sometimes go without NEEDED medical care or dental work	39	61%
	Household often needs FREE food (from food pantry, charity kitchen, or friends/relatives)	10	16%
	It is <u>VERY DIFFICULT</u> to pay the monthly <u>rent</u>	28	44%
	One or more critical bill goes unpaid each month	33	52%
	Other	13	20%

* ONLY responses from renter households and only those that answered ANY of the rental housing questions on Page 6.

** Responses from ONLY those renter households that report being AT RISK financially.

Note: Question response rates vary. "Valid %" is percentage of respondents actually answering that particular question.
