

HISTORIC DISTRICT COMMISSION

REGULAR MEETING

2 Fairgrounds Road
Nantucket, Massachusetts 02554
www.nantucket-ma.gov

Commissioners: Raymond Pohl (Chair), Diane Coombs (Vice-chair), John McLaughlin, Abigail Camp, Vallorie Oliver,
Associate Commissioners: Stephen Welch, Jessie Dutra, Carrie Thornewill

~~ MINUTES ~~

Monday, June 07, 2021

*This meeting was held via remote participation using ZOOM and YouTube,
Pursuant to Governor Baker's March 12, 2020 Order Regarding Open Meeting Law*

Called to order at 4:30 p.m. and announcements by Mr. Pohl

Staff in attendance: Cathy Flynn, HDC Compliance Coordinator; Holly Backus, Preservation Planner; Terry Norton, Town Minutes Taker
Attending Members: Pohl, Coombs, McLaughlin, Camp, Oliver, Thornewill
Absent Members: Welch, Dutra
Late Arrivals: None
Early Departures: None

Adoption of Agenda.

Motion **Motion to Approve as drafted (Coombs)**

Roll-call Vote Carried 5-0//Oliver, McLaughlin, Camp, and Coombs, and Pohl-aye

I. PUBLIC COMMENT

Alternates	Thornewill			
Recused	None			
Documentation	Architectural elevation plans, site plan, photos, correspondence, historic documentation, and advisory comments.			
Representing	Alyssa Corry, Twig Perkins			
Public	None			
Concerns (4:51)	Corry – Read Mr. Perkins comments: doesn’t see how a historically appropriate color can be denied. Backus – Reviewed structures from the corner of Quaker Road and Milk Street to this lot; there is a context of late 1700 structures with grey trim. Oliver – She viewed this; it’s true this section of the street has a more muted tone but before and after that section there is white, and it is appropriate. McLaughlin – No concerns. Camp – Because of the streetscape of this section being mostly grey, the white trim and sashes and chrome green door will make it too modern. Coombs – She will go with white but would prefer it remain grey. She doesn’t have a problem with the front door being chrome green with the white, though Essex green would be better. Pohl – He too would prefer Essex green. The area being grey with trees makes it very nice; however, white is approvable.			
Motion	Motion to Approve through staff with the front door to be Essex green. (Oliver)			
Roll-call Vote	Carried 3-2//Coombs, Oliver, and Pohl-aye; Camp & McLaughlin -nay	Certificate #	HDC2021-05-3808	

V. NEW BUSINESS (05/18/21)

	<u>Property owner name</u>	<u>Street Address</u>	<u>Scope of work</u>	<u>Map/Parcel</u>	<u>Agent</u>
1.	Elizabeth Powell 05-3780	71 Cliff Road	Pool	30/160	Atlantic Lndscpng
Voting	Pohl, Coombs, McLaughlin, Camp, Oliver				
Alternates	Thornewill				
Recused	None				
Documentation	Landscape design plans, site plan, photos, and advisory comments.				
Representing	Lindsay Congleton, Atlantic Landscaping Inc.				
Public	Ethan Griffin, Gryphon Architects for 69 Cliff Road				
Concerns (5:00)	Congleton – Presented project; could reduce to 14X28; an existing raised deck would help screen the view. Griffin – It’s a similar argument for 71R; this is a small lot with a lot going on, and he doesn’t think a pool is appropriate on a lot this size. Coombs – The pool is too big, and this isn’t an appropriate location; it should be reduced in length. Oliver – A little reduction would be good, especially since it’s right on a way. McLaughlin – He feels there is minimal visibility in this location. Camp – Agrees with Ms. Coombs; would like it reduced to accommodate its location. She’d approve this due to the lack in landscaping; this has a lot of green space. Pohl – There is nothing blocking the view of the pool looking down the driveway from Cliff Road. He’d like to see a plan with more vegetation blocking the view down the driveway. Hamblin is not a publicly travelled way; our visibility is from Cliff Road. Discussion about how much to reduce the pool: consensus would accept 2’ off the length and width				
Motion	Motion to Approve through staff with the pool reduced 2’ in length and 2’ in width and with vegetative screen between the end of the driveway and the pool and not to be visible at the time of inspection and in perpetuity. (McLaughlin)				
Roll-call Vote	Carried 5-0//Coombs, Oliver, Camp, McLaughlin, and Pohl-aye	Certificate #	HDC2021-05-3780

9. 33 N. Mill, LLC 05-3789 7 North Mill Street New dwelling 55.44/77 S. Metz Design

Voting Pohl, Coombs, McLaughlin, Camp, Oliver
 Alternates Thornewill
 Recused None
 Documentation Architectural elevation plans, site plan, photos, correspondence, and advisory comments.
 Representing Sophie Metz, S. Metz Design
 Public Joan Taylor, 15 Mill Street and representing the Woodmans at 26 Prospect Street
 Anne Lingeman Davis, 15 Mill Street
 Patricia Beilman, 17 Mill Street
 Anne Dewez, 5 Mill Street

Concerns (5:48) **Metz** – Presented project; reviewed redesign based upon the comments from HSAB and neighbors.
Backus – Infill structure. Read HSAB comments based upon original submission: design more suited to rural setting; very visible; side wings should be more subordinate; no flush dormer on front; should have 6-over-6 windows; stone foundation not in keeping with rubble foundation; too many sliders. There was a discussion about what to look at for precedent.
Taylor – We have several concerns: corrected to misinformation about the allowable groundcover, visible from the Pony Field and Land Bank properties, read comments about the topography with the house stretching across the crest of the entire hill; our neighborhood is made up of simple Quaker style houses. Even the redesign doesn't fit the neighborhood.
dAvis – Read statement of opposition into the record.
Beilman – Underscored the observations that this design does not meet HDC guidelines in reference to scale and proportions. The proposal doesn't create a sympathetic architectural landscape that harmonizes with the old historic district (OHD).
Dewez – The neighborhood group is in agreement against this project.
McLaughlin – South elevation right, the small shed is unattractive and inappropriate.
Camp – This is a beautiful design but is overly complicated for this site. Sent Staff photos that she thinks are good and appropriate examples for this area: smaller with additive massing. You don't have to start with a large house; suggested a simple, Quaker style house.
Coombs – This is too complicated. There should be no dormers over the front door. The whole thing has to come down; this is 3 stories as seen from the Pony Field. This area is simple Quaker houses; this should be redesigned. Shouldn't be placed at the highest point of the property.
Oliver – She agrees with what's been said. As the HDC we don't have control over how a subdivision is created, but when people buy a lot, they are trying to make a house fit the lot. It might be helpful to view with height poles and have HSAB review the new design. Asked if there is a way to mitigate the basement level with vegetation or infill.
Pohl – Generally he favors the direction of the new design. For him the most troublesome elevation is the north because you're carving away the grade to get light into a sub-grade level. Looking at the site plan, the ground naturally slopes up but topography is being carved away to get in the lower level, which will be highly visible; should leave the grade as is.

Motion **Motion to Hold for revisions. (Coombs)**
 Roll-call Vote Carried 5-0//Camp, Oliver, McLaughlin, Coombs, and Pohl-aye Certificate #

10. Kelly Carrero 05-3790 8 Walnut Lane Driveway/apron 42.3.4/69 R. Newman/SCI

Voting Pohl, Coombs, McLaughlin, Camp, Thornewill
 Alternates None
 Recused Oliver on break
 Documentation Landscape design plans, site plan, photos, and advisory comments.
 Representing Robert Newman, Sandcastle Construction Inc.
 Public None

Concerns (6:28) **Newman** – Presented project.
Backus – Structure is circa 1750. Read HSAB comments from 5/17: keep existing fence; reuse existing brick; provide a gate at the driveway.
Coombs – Agrees about another gate; would like the existing pedestrian gate reused for the moved walkway. Agrees with HSAB.
Thornewill – This is a great solution and fits in; would like the driveway gate to retain the picket.
Camp – Agrees with HSAB about the fence becoming a gate.
McLaughlin – This fits in.
Pohl – Would like to follow HSAB's recommendation that the picket be a gate.

Motion **Motion to Approve through staff with the existing fence turned into a driveway gate per HSAB comments. (McLaughlin)**
 Roll-call Vote Carried 5-0//Camp, Thornewill, Coombs, McLaughlin, and Pohl-aye Certificate # **HDC2021-05-3790**

Public	None				
Concerns (6:50)	<p>Griffin – Presented project; white trim, dormers have white vertical board; hard to get a straight-on view of this.</p> <p>Oliver – Her concern is the deck on brackets when most decks are integrated into a roof; deck fenestration should be reduced to 1 door and 2 windows. No concerns with the dormer.</p> <p>Coombs – Agrees with Ms. Oliver; would prefer the deck not be bracketed. Northeast elevation prefers the 3 doghouse dormers.</p> <p>McLaughlin – No comments.</p> <p>Thornewill – Agrees with Ms. Oliver about the dormers and incorporating the deck into a roof.</p> <p>Pohl – Northwest elevation, his concern is the painted white fan over the 2nd-floor French doors.</p>				
Motion	Motion to Hold for revisions. (Oliver)				
Roll-call Vote	Carried 5-0//Coombs, McLaughlin, Thornewill, Oliver, and Pohl-aye	Certificate #

Recused	Pohl; Camp still on break			
Documentation	Architectural elevation plans, site plan, photos, historic documentation, and advisory comments.			
Representing	Lisa Botticelli, Botticelli & Pohl			
Public	None			
Concerns (6:57)	<p>Botticelli – Presented project; reviewed visibility from Union Street and Commercial Wharf.</p> <p>Backus – Typical Nantucket circa 1800s New England Colonial revival; Lancaster indicates dormers are modern. Read HSAB comments from: 2nd & 3rd floors visible; stick to 6-over-6 windows; 6-light French doors inappropriate; north elevation, change 9-light to 6-over-9; integrate dormer with connector; north elevation visible from Orange Street.</p> <p>Oliver – She’s only unsure about the east elevation grill pattern of the windows and French doors, but those aren’t visible.</p> <p>Thornewill – East elevation, changing the pane size obliterates any reference to the age of the structure, but not visible. North elevation, the shed dormer obliterates the clean gable end; asked that the dormer be pulled in 6” more off the main mass wall.</p> <p>McLaughlin – North, south, and west elevations will be visible from Orange Street; east elevation, anything from the 2nd-floor up will be visible from the harbor so bi-folds are not appropriate.</p>			
Motion	Motion to Approve the plans presented at the table through staff with the north elevation shed dormer pushed an additional 6” away from the main mass gable end. (Thornewill)			
Roll-call Vote	Carried 3-1//Thornewill, Oliver, and Coombs-aye; McLaughlin-nay	Certificate #	HDC2021-05-3792

Documentation	Architectural elevation plans, site plan, and photos.			
Representing	Ethan McMorro, Ethan McMorro Design Associates			
Public	None			
Concerns (7:18)	<p>McMorro – Presented project; details match main house; no interior staircase; likes Mr. Pohl’s suggestion.</p> <p>Oliver – Appreciates the size and stature; suggested the north elevation deck doesn’t wrap the corner. It’s standard to what’s out there.</p> <p>Pohl – Suggested rather than a full deck on the west, step the deck back to the corner board.</p> <p>Camp – Likes Mr. Pohl’s suggestion; alternatively, could just bring the hipped roof up to the deck railing.</p> <p>Coombs – Agrees with Mr. Pohl’s suggestion. This is a well-sized garage.</p> <p>McLaughlin – Appreciates the stairs tucked against the wall and the deck is not excessive. He feels this is approvable.</p>			
Motion	Motion to Approve through staff with the west elevation deck railing stepped back to the left corner board and on the north elevation the railing stepped back to the corner board. (Oliver)			
Roll-call Vote	Carried 5-0//Coombs, McLaughlin, Camp, Oliver, and Pohl-aye	Certificate #	HDC2021-05-3795

Recused	None			
Documentation	Landscape design plans, site plan, and photos.			
Representing	Lindsay Congleton, Atlantic Landscaping Inc.			
Public	None			
Concerns (7:29)	<p>Congleton – Presented project; pool is 275’ from the road; the retaining wall would be screened by vegetation.</p> <p>Pohl – The elephant in the room is the subterranean garage what will require a 10’ retaining wall. There is an existing contour at elevation 12 but the proposed is elevation 15; that means the east side of the site is being filled 3’; the driveway should start at elevation 12.</p> <p>Oliver – Her biggest concern is the slope in the lot; we need to be careful about the grade being raised in a non-organic manner. Privet at the beach is not a great choice; should use more natural vegetation to mitigate what’s happening.</p> <p>Coombs – Agrees with Ms. Oliver about the use of privet; this is in the moors and the area is very informal. Should be much less formal and should use indigenous plants. Agrees with Mr. Pohl about minimizing the use of retaining walls.</p> <p>Camp – Nothing to add.</p> <p>McLaughlin – No comments.</p>			
Motion	Motion to Hold for revisions and more information on grade and retaining. (Oliver)			
Roll-call Vote	Carried 5-0//Coombs, McLaughlin, Camp, Oliver, and Pohl-aye	Certificate #

Representing	Juraj Bencat, JB Studio			
Public	None			
Concerns (7:41)	<p>Bencat – Presented project; the two driveways are existing; pool has an autocover.</p> <p>Oliver – Her concerns will be mitigated by the caveat. This space is wide open so will require more plantings.</p> <p>Coombs – She’s alright with this; it needs proper vegetation.</p> <p>Camp – The caveat will protect visibility; a corner lot does have a lot of responsibility regarding screening. She’s not seeing the screening vegetation reflected on the plans and is concerned about that. A row of Leland Cyprus isn’t natural to this area; they should be staggered with other trees.</p> <p>McLaughlin – No comments.</p> <p>Pohl – Okay with the visibility caveat attached.</p>			
Motion	Motion to Approve through staff with the pool to be screened with staggered native cedars and not visible at time of inspection and thereafter in perpetuity. (Camp)

Representing	Karen Alence, Cotuit Solar			
Public	None			
Concerns (7:53)	<p>Alence – Presented project; goal is for the whole farm to go solar; black asphalt roof with very high trees along the road.</p> <p>Camp – Given that this is a farm and on a black roof, this is acceptable.</p> <p>Coombs – Her concern is that this is proposed on the front of the main mass facing the street; doesn’t see why it can’t be put on the rear section south elevation and east elevation roof; that would make up for more than is on the front roof.</p> <p>Oliver – We can’t keep approving these just because it’s a farm; this is on the front of the house facing the street and would need more screening. Some of those panels could go on the back ell facing south, that or a ground array.</p> <p>McLaughlin – With the current landscaping and the black roof, he would motion to approve as submitted.</p> <p>Pohl – There is talk about supplemental vegetation for further screening from Polpis Road.</p>			
Motion	Motion to Approve through staff with additional evergreen vegetation between the house and Polpis Road. (McLaughlin)

Documentation	Architectural elevation plans, site plan, photos, historic documentation, advisory comments, and window survey.			
Representing	Linda Williams			
Public	None			
Concerns (8:18)	<p>Williams – Presented project; reviewed the window survey; asking for Green Mountain double-glazed but could do that on the sides and rear with true-divided light (TDL) on the front; the rear was added between 1923 and 1949; the windows are in too poor condition to rehab.</p> <p>Backus – Typical Nantucket circa 1750; windows are a hot-button topic when it comes to preservation with Secretary of the Interior having set standards. Read HSAB comments: all windows have sash-weighted balances apparently in good condition; need complete window survey; windows should be restored.</p> <p>Oliver – Because of the age of the house and its location, it’s key to have all the windows identified; each window should be numbered with an accompanied photo and size. The front and sides should be sussed out as to what could be kept. Would like a 3rd-party expert to assess the windows for HDC.</p> <p>Coombs – Agrees with Ms. Oliver; would like original the front and side windows rehabilitated with internal storms. Okay with Green Mountain on the rear.</p> <p>Camp – A lot of old houses changed to 6-over-6; the 12-over-12 speaks to the age of the house. Would like to see the front and first course of side windows kept and repaired; elsewhere okay with the Green Mountain double pane.</p> <p>McLaughlin – If the windows are replaced, it should be with wood TDLs and with harmony for each wall.</p>			
Motion	Motion to View and Hold for review of the window survey packet. (McLaughlin)

Public	None				
Concerns (8:37)	<p>Ahern – Presented project; vegetation will be enhanced as needed; pool has an autocover; can extend a fence off the cabana to help screen the pool.</p> <p>Oliver – The pool is ridiculously large at 58’ long. She didn’t view this; if we can’t see it, we have no jurisdiction. This is only 40 feet from Village Way.</p> <p>Coombs – At nearly 60’ long, the pool is longer than a typical house. Can’t say it is in keeping with the area.</p> <p>Camp – Agrees about the size being inappropriate, but this is well hidden. The proposed fence could exasperate things.</p> <p>McLaughlin – No comments.</p> <p>Pohl – For someone who swims laps, this is an appropriate length. There is plenty of vegetation and this is very remote.</p>				
Motion	Motion to Approve through staff with elimination of the 6’ fence east of the pool and with the pool not to be visible at time of inspection in perpetuity and thereafter. (Camp)
