Subject: Protest of 6 Huntington Street Proposed "Garage Addition".

Dear Members of the HDC:

I'm writing to protest the proposed addition at 6 Huntington Street. Though I am uncertain of the laws/rules on property additions in Nantucket, when I review the plans referred to as a "Garage Addition", it is actually an entire multilevel second home on a pretty small lot.

This proposed home will sit right up against our fence line (4 Huntington Street) and is tall enough to completely take away our views. I am very confident this proposed second home will have a significant negative impact to our property value.

Please advise if there are requirements I need to fulfill or next steps for me to follow.

Thank you and very best regards,

Mark
