We hope you are well!

Our Life has been turned upside down by the COVID-19 outbreak. Any social life has ground to a halt. "Social Distancing" is suddenly a word that we know and hear daily. Anxiety thrives on the unknown and can lead us into some dark mental spaces.

There is hope.

We can find hope in the midst of the pandemic. With some intentional effort, we can learn and practice skills that will boost our sense of confidence despite the crisis, nurture optimism, and build emotional flexibility so we can handle instability.

Let's focus on what we can control

Let's limit our media intake

Let's remember that people are still working to make it get better.

- The Town's Emergency Response Team works daily on COVID19 related issues (THANK YOU). You can meet them [HERE](#).
