Nantucket, MA 02554

June 21, 2021

FOR IMMEDIATE RELEASE

The Town of Nantucket DPW will continue construction of Waitt Drive Improvements (into Amelia Drive) the week of Monday June 21, 2021 and is expected to be completed by Friday June 25, 2021, weather permitting.

The Nantucket Department of Public Works (DPW) is committed to providing well-constructed, assessible, and historically sensitive construction improvements to its residents and visitors island-wide. DPW Contractor (C.C. Construction) will be installing new water and sewer connections into Amelia Drive near #7 Amelia Drive. Vehicular access along Amelia Drive will be remain open from both Old South Road and Ticcoma Way. Through traffic is expected to be disrupted intermittently Tuesday, Wednesday, and Thursday as the Contractor connects to sewer, water, and then paves the disrupted areas. Businesses remain open during construction.

Once this early portion of the project is completed (before summer), the Contractor will focus on the construction of Waitt Drive off Ticcoma Way. This work is expected to continue through summer and fall and be completed by the end of the calendar year.

Residents, businesses, and their customers should expect limited disruption along their frontage and will have access during construction. On-street parking on portions of Amelia Drive may be temporarily disrupted or occupied by construction vehicles during this necessary Construction. We appreciate your patience while we improve this important facility. Please contact the DPW Office at (508) 228-7200 x 0 if you have questions.
