**Subject:** RE: BOS meeting on Baxter Road

Libby,

In reviewing the agendas for Wednesday's Board of Selectmen's meetings, I do not see any discussion of retaining an engineer. Perhaps you have concluded that it is necessarily a part of the executive session topics or that it does not require a board vote, but if not, I think it should be added either as part of a brief open session of the afternoon meeting or as a topic for the regular night meeting. I am concerned that waiting until the 26<sup>th</sup> will unnecessarily delay the project if a decision is made to move forward as we hope it will be. Since I believe that the Town has an offer for payment of these services, there does not seem to be any downside in moving forward at least on this aspect.

Regards,

Sarah

**Subject:** BOS meeting on Baxter Road

Erika,

Please find an update for the BOS meeting on Wednesday concerning Baxter Road. Please let me know if there will be a non-Executive Session portion of the meeting to review this matter on the 19<sup>th</sup>, or if it will have to wait until the 26<sup>th</sup>. As we have said, time is running *very* tight here, so I again request that the BOS post a discussion of this matter as a public part of the 4pm E.S. meeting.

Best,

Steven Cohen
